

Title 195 - NEBRASKA DEPARTMENT OF ENVIRONMENTAL CONTROL

Chapter 8 - DISTRICT RESPONSIBILITIES

001 The district may require additional information and adopt and promulgate rules and regulations as necessary to carry out its responsibilities under the Nebraska Chemigation Act (Secs. 46-1101 thru 46-1148). Such information requirements, and rules and regulations must be based on a justifiable need and are subject to approval by the Director.

002 The district shall submit an annual report to the Department by March 1 of each year after 1987, which shall include the following information for the previous year:

002.01 The number of permit applications received by the district;

002.02 The number of permit applications approved by the district;

002.03 The location (legal description) of each permitted chemigation injection site in the district;

002.04 The name of each permitholder utilizing chemigation in the district;

002.05 The number of chemigation system inspections made by the district at each injection site identified in 002.03 above, and whether the inspections were initial inspections, for equipment replacement or repair, or routine monitoring; and

002.06 The name of all chemicals and estimated amounts used in chemigation systems within the district the previous year.
